

# SAMURAI

Rugby Football Club

Founded 1996

Thank you for your interest in helping to support Samurai Rugby Football Club in their mission to provide development pathways for aspiring staff and players to represent their country or play at the highest level achievable. Our record in identifying and nurturing talent is second to none and our achievements speak for themselves. Quite simply, we cannot do this without financial support and so we hope you will help us continue to offer players and staff fantastic and often life changing opportunities by taking up one of the membership opportunities shown below. These are a selection of support packages, all depending on your budget. These memberships packages also come with a variety of details on the application page and return to [markd@samurai-rugby.com](mailto:markd@samurai-rugby.com) or you can call or message Mark on +44 7901 855290. We will then make contact and move forward as appropriate to you.

We look forward to welcoming you to Samurai RFC!
